JOSLYN CENTER KITCHEN RECEIVES AWARD

This April following an unannounced County Inspection, Joslyn Center's commercial kitchen received the San Luis Obispo County AWARD OF EXCELLENCE for superior cleanliness and sanitation. This 2024 award reflects Joslyn Center's dedication to safe and wholesome food.

Numerous club events take place each month which use the kitchen, and we have several kitchen renters who do their part keeping the kitchen spotless. Next time you attend an event in the main hall involving food service, peek in the kitchen and see the care that goes into making it shine.

CAMBRIA CHAMBER OF COMMERCE MIXER A SUCCESS!

This month the Chamber and Joslyn Center co-sponsored a community mixer in the Main Hall, with business sponsors Boni's Tacos and Cutruzzola Wine. Our clubs donated cookies and refreshments, serving well over 50 attendees. A representative of each club made a brief presentation about their club, and the chamber was even treated to a demonstration of dancercize, ping pong, bridge and Mah Jongg while getting acquainted. We'll do this again in the future to promote our Community!

Friday Night Ecstatic Dance!

Inner Rhythm is a growing group of heart-centered-people who dance as a way of returning to our selves and to commune with each other.

For us the dance floor is a playground, a teacher, a healer.

There are no steps to follow, no right or wrong way to move, we dance to feel what is sacred through the movement of our bodies.

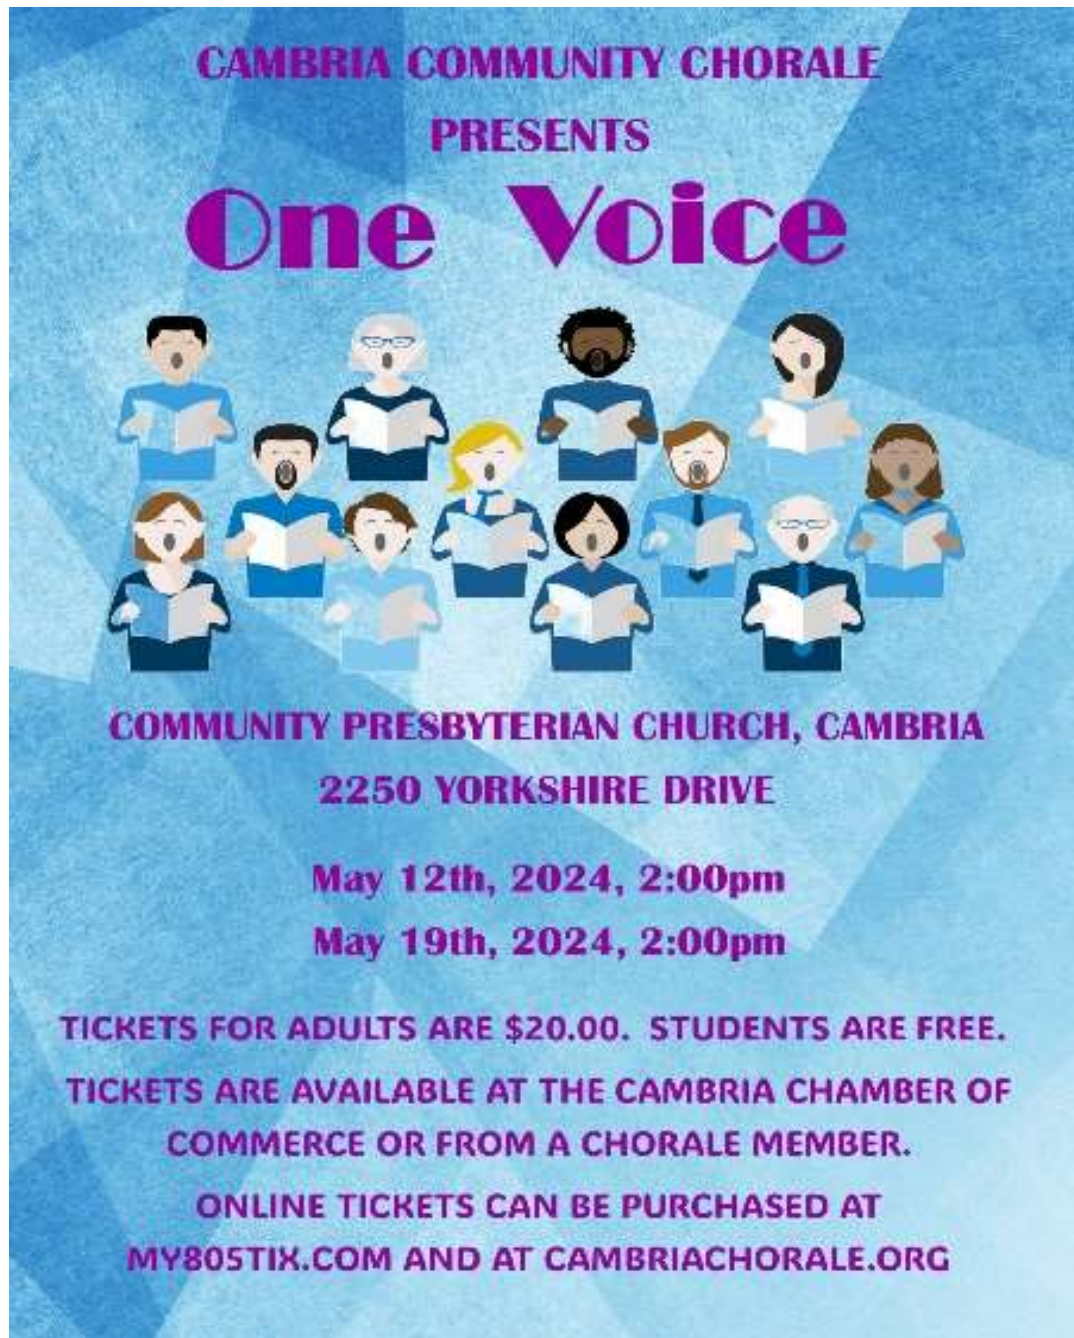

Inner Rhythm is a 70-90 minute dance journey. Every **Inner Rhythm** dance is different but the basic format is the same. We start with slower fluid rhythms, move into pulsing percussive beats, peak into wild chaos, then return with trance-like lyrical rhythms dissolving into a quiet gentle stillness.

We finish with a short closing circle.

Every Friday 7:30 pm - Joslyn Center, 950 Main St., Cambria

Nephew of Monuments Man Walter Huchthausen to Address Cambria Lions Club May 14

Walter J. Huchthausen

By Iggy Fedoroff

Jim Huchthausen is an historian, writer and retired professor who has traveled extensively telling the engaging story of his uncle Walter J. Huchthausen's service as one of the Monuments Men of World War II. His fascinating presentation will follow the Lions Club of Cambria's dinner on Tuesday May 14 at the Joslyn Adult Recreation Center located at 950 Main Street. Dinner reservations may be made by contacting Iggy Fedoroff via e-mail: chezfed@att.net. The cost is \$25 and you do not have to be a member of the Cambria Lions Club to attend. Social hour, where you can meet the speaker, begins at 5:30 with dinner planned for 6:30.

By all accounts, Walter Johan Huchthausen was one of the most promising architects of his generation. Walter enrolled in the University of Minnesota, where he earned a Bachelor's degree in architecture in 1928. Later, he studied in Germany on a fellowship from Harvard, where he worked in German museums and absorbed the German language as if it were his first language. After graduating with a Master's in Architecture from Harvard, he eventually joined the faculty of the University of Minnesota. In September 1942 Huchthausen left his position at the University to join the Army Air Force where, after recovering from injuries sustained in a V1 attack, he was assigned to the Monuments, Fine Arts, and Archives Section of Civil Affairs of the Western Allied Armies.

The Monuments Men and Women, were a group of 348 men and women from 14 nations, most of whom volunteered for service in the newly created Monuments, Fine Arts, and Archives Section. Many had expertise as museum directors, curators, art historians, artists, architects, librarians and educators. Only their job description was simple: to protect cultural treasures so far as the war allowed.

Captain Huchthausen was assigned the post of Monuments Officer for U.S. Ninth Army with Monuments Officer Lt. Sheldon W. Keck, a conservator from the Brooklyn Museum of Art, as his assistant. They spent January 1945 in Aachen, the first major German city captured by Western Allied forces. Upon the city's liberation, the Monuments Men discovered a horde of altarpieces stored at the nearby Suermondt Museum. During the spring of 1945, Huchthausen and Keck made trips into the cities surrounding Aachen, and into the Netherlands, to inspect reports of looted works of art, assess damage to historic buildings, and note those monuments in need of repair. On one of these trips, Huchthausen and Keck accidentally ventured into unsecured territory and came under enemy gunfire. Huchthausen was killed immediately, but his slumping body shielded Keck and saved his life.
