

Hello Joslyn Community,

June 2021 – Joslyn Center Update

It's finally happening! Barring any major backslide, the Joslyn Recreation Center will be reopening along with the rest of the State of California in about 2 weeks on June 15th! If you haven't seen our [reopening FAQ](#), please take a look at this short document on our website. We are currently showing a [3-month calendar](#) of which clubs are expected to be using the facility when; that will switch back to a monthly format at the end of June (displaying only July). I know that some people will need time to decide what they are comfortable doing in a multi-use community center just after quarantine restrictions are lifted, while others are itching to do everything (or more) that they did 16 months ago. Wherever you fall in your thinking, the JRC should be there for you. I encourage you to work with leadership from the clubs you are members of to figure out how things can start to work again for each club. Also, please be patient with those who may not be eager to jump back into activities for a while – they'll be back when they're ready.

One of the keys to having the JRC ready to resume operations was bringing on an Office Manager to help our members and volunteer board. I am so pleased to introduce Peg Greiner who has taken the position and is scheduled to be in the office from 10am to 2pm each Monday, Tuesday, Wednesday and Friday once we are open. Feel free to stop in and say hi to her (but don't stay too long, she's going to be busy!! ;-)) when you resume your club activities. She's also available by phone and e-mail to work on scheduling needs, etc.

Indoor Maintenance Update

As a reminder, some work has been done by the county in the building while we were away, but there is more that they are going to do. The new restroom floors look terrific. Other things look like they are waiting for attention, because they are. The gentleman who is leading the storm damage repair efforts is really thorough, but it all takes time. We expect new drywall in the women's restroom and back storage areas to be coming. Additionally, we'll get new lighting in the storage room (there's a temporary fixture there now ahead of ripping out the ceiling sheetrock). There will be upgrades/replacements to most (maybe all) of the furnaces and thermostats in the building too. More will be conveyed once we have work scheduled, but be on the lookout for some minor inconveniences here and there.

The BIG Lawn Bowls Tournament, finally!

Some of you may recall that just before the stay-at-home orders were issued in March of 2020, Lawn Bowls was about to host a major tourney with some of the best bowlers coming to Cambria to participate. Well, that's finally happening over the weekend of June

25-27. Please help them do a wonderful job hosting guests to the area by being as accommodating as possible of the additional presence they will have around the facility for this one-time (annual???) event. You may also want to head to the green to see some fantastic competitors on Saturday and Sunday!

Resumption of Outdoor JRC Maintenance

Thanks so much to Manya Brett and the Poker Club for taking the first outdoor maintenance shift as we open back up in June. The [Monthly Grounds Maintenance Schedule 2021-2022 and Guidelines](#) is posted online (bottom half of page) so that club presidents can plan ahead. Let's keep things looking grand as we head back to the JRC.

I am so looking forward to seeing you (in person) at the Joslyn Center again very soon,
2021 President Mark K

Our new Office Manager, Peg Greiner [Will use actual pic of Peg if she's willing 😊]
