

Dear Joslyn Recreation Center Members,

October 2021 – Joslyn Center Update

There's a small list of things I want to make folks aware of as the summer turns to autumn in Cambria. First off, thanks for masking indoors at the JRC per current county guidelines which were implemented just after the last newsletter went out – I know it's not always easy. Unfortunately, some activities have been curtailed/delayed as a result including Dance Lessons and Chorale.

Save the date – Annual Membership Meeting: Saturday, Nov 13 at 10:30am

Once a year, our bylaws require the Joslyn Center to convene a general membership meeting. This year we will do a hybrid in-person and online version to make sure that as many members who want to participate can do so. Please reserve an hour on Saturday, Nov 13th at 10:30 am to help plan for 2022 Joslyn efforts. More details including how to connect remotely and the agenda will follow in the next few weeks.

Office Hours in early October

Peg will be taking some time to enjoy not working for a couple of weeks at the beginning of October. Your elected board representatives will staff the office sporadically between Oct 4 and 15 to make sure that e-mail and phone messages are handled but you may not find someone in the office during normal hours (Mon-Weds and Fri 10am-2pm). Please be patient with needs during those two weeks.

Club Updates

The **Rough Writers** welcome Mary Stover to the group and continue to hold “hybrid” meetings.

From **DANCE/AEROBICS and WEIGHT** (Maryann Grau): I would like to thank the three subs who have been leading the live sessions in my absence. They are Julie Krebs, LuAnn Kelly and Susan Belany. They've done a magnificent job coming up with new music and choreography and a variety of strength training techniques. Cindy Stiles and Lucy Moreno are prepared, as well, to step in when needed. I plan to return, also, very soon.

Sessions are continuing on a regular basis, Monday, Wednesday and Friday at 9:00 for dance, followed shortly after by weights. We're all wearing masks, per the requirements, with all doors open for a cooling air flow which helps tremendously. We've also lowered the routine intensity a bit (because of the masks) but believe the consistent workouts will keep us in good condition for when things return to normal.

We look forward to returning and new members joining us. Please email me if you have any questions. [Maryann Grau](#)

*** OLDER (Sept) club updates which can be removed or changed if Oct input is received (I put in changes for poker based on anticipating Manya updates lol) ***

From **Chorale**: The Chorale is planning to start singing again on September 7th, the first Tuesday in September. Everyone should have music, but if you're planning to join us and don't have your music, please e-mail [Barb](#). If we aren't able to start as planned due to this latest surge, I'll send a Chorale-wide message to let everyone know.

From **Investment Club**: The Investment Club currently has one opening for new members. The club provides an opportunity to increase your investment knowledge and share your experience with others. The club manages a portfolio of stocks, and a buy-in is required. E-mail [Mark Berry](#) for more information.

From **Poker Club**: Come play "Dealer's Choice" Poker on Thursday evenings 6:15-9P. Choose from two tables: \$5 or \$25 BuyIn. Join us for our monthly tournament Saturday, Oct 16 at 6:15P; \$20 BuyIn and \$20 ReBuy (limited time) game is Texas Hole 'Em.

We're attaching the October calendar to this newsletter, you can always find the [current version](#) on our website. Until next month,

2021 President Mark K
